Christmas Crib Competition 2010

The jury composed of Chiara Santangelo, Maria Cristina Rocco, and Irene Peluso has selected the family Cocco's crib as winner of the competition with the following motivation:

for the strong aesthetic sense, the richness of details and the symbols of the tradition. For the meticulous care of the lights, the music, the chromatic effects and the excellent technical and artistic execution. As a whole, the crib expresses a vibrant slice of daily life.
